

Attila Bootel

ATTILA
Boutique Bootel

The best way to experience the Swiss Jura lakes is to cruise around them – and that's exactly what Swiss Tailor Made's newest partner, Attila Boatel, offers. With just nine cabins, each two or three night cruise accommodates a maximum of 18 guests, creating an exclusive, intimate atmosphere. Cabins are ingeniously designed, modern and comfortable with a balcony and en suite. A full breakfast buffet is served on board, with snacks and drinks throughout the day in the Captain's Lounge or on the sun terrace, while dinner is at a selection of lakeside restaurants on shore.

Attila Boatel

www.attila.swiss/boatel

The itinerary takes in three of the Jura lakes – Murten, Biel and Neuchâtel – with plenty of time to relax on board as well as an excursion programme offering an opportunity to explore the region. Choose from exploring picturesque, historic towns, museums and a nature reserve or, for the more active, hiking, cycling and paddle boarding.

Tour Operators who want to include this unique, exclusive cruise in their programmes can get in touch with our team at team@swisstailormade.com
