

Belalp Blatten

The starting point for countless summer activities in the Valais mountains

Belalp Blatten

Belalp Blatten, situated high up above Brig, is the starting point for countless summer activities in the mountains of the Valais region. Discover the breathtaking Aletsch Glacier, hike along the historic Massaweg and into the Gredetsch Valley, or let a mountain guide introduce you to the world of climbing. In addition to hiking, climbing and mountaineering, there is also the opportunity to explore the region by bike or to cross the Massa Gorge.

In winter, the snowsports area on the Belalp offers a wide range of options for all ages and countless slopes are waiting to be discovered on skis and snowboards. If you prefer to take it a little easier, you can go on one of the numerous winter hikes or snowshoe hikes and enjoy the view of the fantastic Valais mountains. Whether it's the witch's broom tubing run for children, toboggan runs for the whole family or rapid downhill runs of all levels of difficulty - there's something for everyone on the Belalp.
